Other items of interest:

From Randy at the September 2022 Zoom meeting: **Topical Coolant Spray “Medi-First Cold Spray” available on Amazon: https://www.amazon.com/gp/product/B008SI1VDG/ref=ppx_yo_dt_b_asin_title_o09_s02?ie=UTF8&psc=1

From Randy at the February 2022 Zoom meeting: **List of Apps for compiling your medical records: <https://tinyurl.com/2pd5y9w3>

From a patient on ACOR: **Eovist contrast has “more distribution and excretion pathways...which allows for an additional contrast phase in the scan and more information to aid in diagnosis.” Ask for it specifically, even with the technician or radiologist who is performing the scan.

Patient Access Network: **from Jim and Janet: Member services 1-800-806-7501, Benefits information: 1-800-316-7263.

“Medical information has to be completed by the provider’s office; PAN has been able to assist in handling out of pocket expenses, deductible for specific chemo drugs; all other insurances are used first.”

Patient resources suggested by Lynn in Monmouth County: **the Livestrong Program at the Red Bank YMCA; the Monmouth Medical Center Cancer Support Group; and

**Mary's Place by the Sea in Ocean Grove - a respite home for women receiving treatment for cancer
<https://www.marysplacebythesea.org>

**Maureen holds writers' workshops at Mary's Place by the Sea in Ocean Grove on Tuesdays and Thursdays.
